

In Memory of Sam Hartz III

Sam Hartz III
1963 - 2006

Our brother and friend, Sam Hartz III was born May 16, 1963. The fourth of five children, he battled diabetes from a very early age until his untimely death in a car accident on April 12, 2006. He attended

St. Mary's elementary school, then moved on to North Junior High and graduated from Boise High in 1981. He spent his entire life living and working with various companies in the Boise valley. Sam was the life of any room he walked into and never let his disease hold him back from any activity. Sam was a friend to every person he ever met, even if you became the butt of one of his many jokes. He truly loved life, and it is that memory that we honor with these events.

"It's hard to fit the concept of our Uncle Sam into one paragraph. When we asked ourselves "Who was Sam?" a million stories popped into our heads. Unfortunately, most of them are neither short or appropriate to share with you. Sam loved to laugh, mostly at other people, but he loved to make others laugh too. Uncle Sam was the butter to the Hartz bread. Wow, I guess we could fit it into one paragraph!" -- Sam's Nieces & Nephew

2 - 3 pm Awards

Benefitting Humphreys Diabetes Center

Alex Heim, age 9, is one example of the many Humphreys Diabetes Center patients who have benefited from the Sam Hartz Memorial events. Alex has happily attended Sweet

Kids Day Camp. Humphreys educators have visited his elementary school, to help train teachers and other staff. The diabetes center has been there to educate and support his parents as they have taken good care of their son. The goal for Alex, as for all Humphreys patients of all ages, is a long, healthy, happy life.

Sam Hartz Memorial Events help support:

- Sweet Kids Day Camp for children ages 3-7 with diabetes
- Childhood Obesity Prevention programs
- Gestational diabetes programs for pregnant women
- Diabetes prevention and self-management education

"These events are a tremendous volunteer success story. Sam's family and friends started out with an idea to play some golf and raise a few thousand dollars. Their work and the generosity of supporters quickly upped the ante. With the 5th annual event this year, they expect to top a total of \$100,000 raised! Wow! Our thanks and appreciation to all who have contributed."

-- Jeanette Germain, HDC Development Director
